Amendment II

Consulting Service for Detailed Engineering Design and Preparation of Tender Documents of Karnali (Chisapani) Multipurpose Project

(EOI: NEA/ESD/PDD/KCMP/80/81/EoI-2)

(Date of First Publication: 26th January, 2024)

(Date of Amendment-I: 23th February, 2024)

(Date of Amendment-II: 8th March, 2024)

Following amendment has been made to the EoI Document published on 26th January, 2024:

S N	Subject of Discussion			Decision (Proposed amendment)
	Title	Page No.	Description	
D. Evaluation of Consultant's EOI Application;				
1	STEP I : PRELIMINARY SCREENING OF CONSULTANT	5	Evaluation under these criteria will be based on the experience of the Consultants on the study of the hydropower projects, which are constructed and commissioned only.	Evaluation under these criteria will be based on the experience of the Consultants on the study of the hydropower projects, which are constructed and commissioned only. "In case of Dam, the Dam constructed and commissioned for the Water Resources Project will also be considered"
2	B. Technical Threshold Criteria		ii) Consultants must have the experience of completion of Detailed Engineering Design of at least one (1) hydroelectric project having dam height not less than one hundred thirty meters, 130 m;	ii) Consultants must have the experience of completion of Detailed Engineering Design of at least one (1) Hydroelectric /Water Resource Dam Projects having dam height not less than one hundred thirty meters, 130 m;
3	STEP III: SHORT- LISTING OF CONSULTING FIRMS	6	In case of tie of total scored marks between firms during evaluation, the firm with a greater number of project's experience on the Sub Criteria 1.2.1 Detailed Engineering Design of Hydroelectric Projects having dam height not less than one hundred ten-meter, 130 m, will be prioritized.	In case of tie of total scored marks between firms during evaluation, the firm with a greater number of project's experience on the Sub Criteria 1.2.1 Detailed Engineering Design of Hydroelectric /Water Resource Dam Projects having dam height not less than one hundred ten-meter, 130 m, will be prioritized.

S N	Subject of Discussion			Decision (Proposed amendment)
	Title	Page No.	Description	
E. EOI Forms and Formats; Form 3. Experience; 3(B). Specific Experience				
4	1.2 Specific Experience of Consultant	13	1.2.1 Detailed Engineering Design of Hydroelectric Projects having dam height not less than one hundred thirty-meter, 130 m	1.2.1 Detailed Engineering Design of Hydroelectric /Water Resource Dam Projects having dam height not less than one hundred ten meter, 130 m
E. EOI Forms and Formats/ Form 5. Key Experts(Include details of Key Experts only)				
Criteria-2 Qualification of Key Experts				
5	P2. Dams Engineer B)Work Experience of Key Expert proposed	23	Professional experience in Feasibility Studies of successfully completed (Constructed and Commissioned) seasonal reservoir type hydropower projects with dam height of at least 130 m as dam expert.	Professional experience in Feasibility Studies of successfully completed (Constructed and Commissioned) seasonal reservoir type Hydroelectric /Water Resource Dam Projects with dam height of at least 130 m as dam engineer.
6		23	Professional experience in Detailed Engineering Design of successfully completed (Constructed and Commissioned) seasonal reservoir type hydropower projects with dam height of at least 130 m as dam expert.	Professional experience in Detailed Engineering Design of successfully completed (Constructed and Commissioned) seasonal reservoir type Hydroelectric /Water Resource Dam Projects with dam height of at least 130 m as dam engineer
7	Hydropower Dam in entire Eoi document is to be amended as Hydroelectric/Water Resource Dam.			

Amendment-II Notice as published in Gorkhapatra dated 8th March, 2024 (2080/11/25) is as follows:
